

APPLICATIONS & BENEFITS

APPLICATIONS

Residential Application
Commercial Application
Health / Aged Care Facilities
Educational Institutions
Hospitality Sector
Fit Outs
Retail & Shopping Centres

BENEFITS

Lightweight & Durable
Fire & Water Resistant
Natural Timber Look & Feel
Adds Warmth and Style
Enhances Aesthetic Appeal
Variety of Colours & Finishes
Fungus, Termite & Mould Resistant
Environmentally Friendly Product
Acoustic & Thermal Insulation
Can be Orientated Vertically or Horizontally
Quick and Easy to Install

COLOURS & FINISHES

INNOVATIVE TEXTURE COLOUR

Colour Options

Iron Bark, Spotted Gum, Teak, American Oak, Weathered Wood, Ebony and Western Red Cedar

Surface Finish Options

Smooth, Brushed, Embossed and Embedded Wood Grain

PREMIUM TEXTURE COLOUR

Colour Options

Golden Oak, Tasmanian Oak, Dark Oak, Premium Oak, Urban Oak, Kiwi Black and Lily White

Surface Finish Options

Smooth and Brushed

** Please bear in mind that colours may appear slightly different on delivery due to different printer and monitor settings.

INNOCLAD

INNOCLAD

INNOWOOD Cladding is an architectural composite wood cladding system that enhances the look and feel of any outdoor façades and internal linings. InnoClad is Ideal for any new buildings or renovations and also it is suitable for residential and commercial in both indoor & outdoor applications.

EXTERNAL CLADDING

INNOWOOD external cladding system comes in your choice of Flat Joint and Shiplap cladding systems. With the flexibility to orientate vertically or horizontally, INNOWOOD external cladding systems deliver a clean finish with consistently spaced shadow/join lines.

FLEXIBILITY

Innovative cladding systems, that can be integrated into any internal & external cladding designs and façades.

CAPABILITY

InnoClad systems are capable of orientating either vertically or horizontally in order to deliver a clean finish with consistently spaced shadow and joint lines.

DESIGN INTENT

InnoClad system comes in varying widths and fixing methods thereby making it flexible to match any design specification.

BENEFITS

Cladding that provides highly desirable warmth and character that comes from the closest composite to natural timber.

SHIPLAP FIXING

INNOWOOD Shiplap Cladding System features an interlocking tongue and groove design to achieve concealed fixings while providing a conventional timber appearance with a warm, clean and durable finish. Consistently uniform shadow lines between the boards become architectural features when the boards are installed either horizontally or vertically.

V JOINT SHIPLAP

INNOWOOD V Joint Shiplap Cladding system comes in 25 mm thick boards with 'V' shaped tongue and groove shadow line rebated joints. INNOWOOD V Joint Shiplap boards overlap one another, concealing the fixing and locking in the boards to give a clean finish with effective board coverages of 105mm, 165mm, 205mm and 245mm. These profiles can be mixed and matched to achieve varying board widths, creating a unique architectural feature.

SECRET FIXED SHIPLAP

INNOWOOD Secret Fixed Shiplap Cladding system is available in board thickness of 33mm & 35mm that delivers concave and convex shaped boards that utilises tongue and groove shadow line rebated joints. Our Secret Fixed Shiplap boards overlap one another concealing the fixing and locking in the boards to give a clean finish with board coverage of 150mm & 185mm.

FLAT JOINT FIXING

INNOWOOD InnoClad Flat Joint cladding system is designed with a fixing system which incorporates a continuous aluminium connection. This system allows either the conventional single profile that creates a uniform cladding finish or the mixing and matching of three different profile sizes to create a unique cladding feature.
